“I spent several days in one of Rolf’s sessions just to see how he connected with local grass roots First Nation potential entrepreneurs. I love his people centered approach and energetic positive way in which he woke the visionary business person in all of us. He also teaches you what you need to know to get up and running, gives great tips, and shows you how dreams aren’t impossible.” Walter Andreeff Grand Prairie, Ab - Environmental Science & Aboriginal communities

I love how Rolf uses every day life experiences to give his presentation. It helped increase my understanding of Team Building and has opened my mind. Awesome!! I can honestly say this was one of the best workshops I've been to in my life. There was never a dull moment. Very down to earth and very inspiring. **Amanda West - Skin Tyee Band in Burns Lake, British Columbia**

Great story teller. It is a nice way to learn. Inspiring! It made me think of so many things that my head became full. It is like being refueled.. I like that you knew your material and didn't have to read your notes or refer to an agenda. This course is unlike anything I have ever experienced before in my life. This was inspiring. **Cheyenne Murray - Prince George Native Friendship Centre**

The coaching segment opened my eyes to all my own dysfunctions and the low standard I set for myself in my job. Rolf is amazing. His energy and enthusiasm kept me captivated. He showed me how to work with integrity and to really live what you coach. I would love to be mentored by you. **Deanna brown - Burns lake Development Corp, BC**

I have been in public life and have been in hundreds of meetings. Rolf was able to teach me techniques that I did not know before. These teachings will be of great value in the work I do in the future. Rolf knows his stuff. His knowledge as gleamed over years of personal growth and experience! He shares that knowledge easily and in a very interesting and fun way. He captured my attention and kept it for 2 days. Not an easy Task!
Send your leaders, your youth and your elders to his workshops. It is a value that will benefit you greatly. **Steven Nitah - Consultant Leader - Lutsel K'e Dene First Nation NT**

Rolf was and is a person who makes you feel comfortable and feel like you can open up and share things you may not have thought you could. I am a shy person but he made me feel comfortable as soon as i walked in to the room, so I was not shy. He made the course very enjoyable, not boring and drawn out as some other workshops can be. He was awesome! **Tammy Jones Haida Health Old Masset BC**

He makes learning fun, even the dullest of stuff and makes everyone believe that their ideas are the best. I have had a lot of teachers and trainers in my life and none have ever presented a workshop like Rolf. Right away I was able to transfer some material on to my family. My children and grandchildren are absorbing what I am learning. Great Teacher. I would recommend this workshop to all and I would take it again it was THAT GOOD!! ☺ **Velina Vincent – Band Councilor – Kyuquot Checlesht First Nations BC**

This training session with Rolf exceeded my expectations by a million miles! I have gained so many new tools to put in to my tool bag and am so excited to go back to my work place to share some of the information I've learned.
